

CIG 680

FULL FACE MASK

DUAL CARTRIDGE

EN 136:1998 CL2
PPE Regulation(EU)2016/425

CERTIFICATION

Complies with the EN 136:1998 Standard,
according to the PPE Regulation (EU) 2016/425.

Designed to help protect your workforce from certain air contaminants.

Recommended applications include assembly, chemical cleanup/handling, chemical splash, chiseling, cleaning, furnace operations, grinding, laboratories, machining, masonry, painting, sanding, sawing, and more

The CIG 680 full facepiece respirator is made from lightweight yet durable materials and features a soft silicone facepiece that conforms to the wearer's face, as well as wide lenses for visibility and eye protection.

This full-face respirator is compatible with a variety of CIG filters, cartridges and air supply systems, making it a great choice for safety managers.

CERTIFICATION

Complies with the EN 14387 : 2004 + A1 : 2008 standard,
according to the PPE Regulation (EU) 2016 / 425.
